

IETF 103 NWCRG Meeting Agenda (v0)

More information on the research group [datatracker](#) and [Github](#).

nwcrg@ietf103-hackathon

Saturday and Sunday, November 3-4, 2018, starting at 8:30, Sala Thai Ballroom
(in other timezones)

Hackathon wiki, Github swifc repo

nwcrg meeting@ietf103

Monday, November 5, 2018, Morning session I, 9:00-11:00, Boromphimarn 4 (in
other timezones)

00- Welcome, administrative and general matters

(Chairs) (10')

01- “BATS Coding Scheme for Multi-hop Data Transport”

(Raymond W. Yeung, remotely) (10+5') (draft-yang-nwcrg-bats-code-00)

02- Hackathon feedback

(Vincent Roca) (5+5')

Sliding Window FEC codec project (SWiF Codec). Relationships with draft-roca-nwcrg-generic-fec-api-03.

03- “Quick status on Network coding and satellites I-D”

(Nicolas Kuhn) (5+5') (draft-irtf-nwcrg-network-coding-satellites-00)

04- “Quick status on Network Coding for Content-Centric Networking / Named Data Networking: Requirements and Challenges”

(authors) (5+5') (draft-irtf-nwcrg-nwc-ccn-reqs-00)

What's next for both RG-item I-Ds?

05- “FEC and NC for dummies”

(Vincent Roca) (10+5’)

06- “FEC and NC performance evaluation”

(Vincent Roca) (10+5’)

07- Milestones update

(Chairs, all) (10’)

See [<https://datatracker.ietf.org/rg/nwerg/about/>], bottom of page.

08- “In Network Computing Enablers for Extended Reality”

(Marie-Jose Montpetit) (10+5’) draft-montpetit-coin-xr-01

To be presented during COIN meeting tool.

Total allocated time: 110’

Time balance: 10’
